Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. Your home is rated a 1 on the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1)"a" The home shall have a nonpay, working land-line or mobile telephone with emergency numbers posted for police, fire, ambulance, and the poison information center. The number for each child's parent, for a responsible person who can be reached when the parent cannot, and for the child's physician shall be written on paper and readily accessible by the telephone. provider has completed the Iowa Program for Infant/Toddler Care (IA PITC), ChildNet, or Beyond Business Basics training series may use those hours to fulfill a maximum of two years' training requirements, not including first-aid and mandatory reporter training

Findings:

An annual compliance check was completed on 11/29/23 and the following was out of compliance:
441 IAC 110.8(1)"a" The number for each child's parent, for a responsible person who can be reached when the parent cannot, and for the child's physician shall be written on paper and readily accessible by the telephone. The home must prominently display all emergency information, and all travel vehicles must have a paper copy of emergency parent contact information
She had this written list but it needs to be updated.
She also needs the paper copy of emergency contact information in her vehicle she uses to transport children.

441 IAC 110.9(1)"a" A physician's examination report for the provider and all members of the provider's household aged 18 years or older . Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report. All children residing in the household must have medical documentation outlined in 110.9(4) "d", 110.9(4) "f", and 110.9(4) "g"
Yowali's husband did not have a physical on the HHS approved form.

441 IAC 110.9(1)"b" (1) I-PoWeR records or certificates verifying required training completion:
Prior to registration:
minimum health and safety training, approved by the Department, in required content areas
Iowa's Mandatory Child Abuse Reporter Training
Yowali's certificate for Mandatory Child Abuse reporter training had expired. She believes she has since taken it but believes she sent the certificate to someone .

Suggestions/Recommendations:

Yowali needs to update her written list of the number for each child's parent, a responsible person who can be reached when the parent cannot, and the child's physician that is written on paper and readily accessible by the telephone.

Yowali needs to obtain a physical for her husband on the HHS approved form.

This worker agreed to check with CCR&R and the registration unit to verify if Yowali does have the a current certificate for the MCART training. If not, Yowali will need to get that updated and send pictorial verification to this worker.

Corrective Action Required:

A re-check is not needed at this time. Corrections need to be made by 12/20/23 and will be reviewed at the next annual compliance check. Please send pictorial verification of any items where specifically noted above
