I. IF CURRENT LICENSE IS PROVISIONAL, IDENTIFY THE CORRECTIVE ACTIONS

II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

MICA Head Start - Grinnell as been in operation at it's current location since January 2019. The preschool has it's own secured entrance. The preschool provides full day programming to children ages three to five years. Megan Polzin is the lead teacher. Megan has a BA in Elementary Education with an Endorsement in Early Childhood Education. Megan has been at this program since 2017.

An unannounced visit was completed on today's date. All areas subject to HHS licensing rules were reviewed. Mandatory postings are in place at the entrance. The schedule is posted. Lesson plans are available. This program uses one classroom for programming. The room is well supplied with age appropriate learning supplies, toys and interest centers that are all easily accessible for the children.

An unannounced visit was completed today. Megan and two assistant teachers were working today. There were twelve children present today. Children were observed during lunch time, transition time and during rest time. Children were reading books individually and with staff. Children also did quiet, individual activities during rest time. Staff were actively involved with the children throughout the visit.

The center uses a small kitchen in the building to prepare the cooked meals that are provided from Valley Foods. Children have breakfast, snacks and lunch while at Head Start. Lunch served today was sweet and sour chicken, brown rice, mixed vegetables, mandarin oranges and milk.

Head Start has an outdoor playground that has fencing. The playground has outdoor turf for playground surfacing. There is a nice supply of outdoor play materials for the children's use while outdoors. There are playground checks checks documented by staff daily.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

This preschool has accreditation through NAEYC. Head Start programs are well supported within their own agency. Children receive other early childhood professional services when needed to ensure their educational and health needs are being met. Head Start administrative records are well maintained.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

There were no licensing violations cited during today's visit.
