Program Population Served:

- [ ] Infant(0<24 mos)
- [ ] Toddler
- [ ] PreSchool
- [ ] School Age
- [X] All Ages

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Stefinie Wilmarth on 9/15/2026. Stefinie has been involved in child care for 4 years. She continues to use the main and lower level of her 2 story home. Her primary space includes the living room and kitchen on the main floor, and a large open space downstairs. Stefinie has an egress window and step system on her lower level to serve as a second exit. She had 7 children present during the time of our visit which includes her entire group at this time. Stefinie has one HHS-approved substitute/assistant. She uses her fenced back yard for an outside play area. She does have some chickens in the back yard, though they are entirely fenced off and separated in their own coop. Stefinie is due to renew her registration effective 10/31/2027.

2. Identify Observed Strengths Of The Program

CHILD CARE ANNUAL EVALUATION

Stefinie uses multiple applications from the Brightwheel system in her operation. She identifies her strengths as good communication with the children. She says they listen well to her. Stefinie works hard to have good communication with the parents, sharing a good review of their child's day. She considers herself very dependable in her schedule. Stefinie's curriculum includes lots of free play mixed with circle time and learning time in the mornings. They have regular reading time before napping, and regular outside time whenever weather permits. Stefinie participates in the Food Program to enhance the nutrition of her meals and snacks.

3. Identify The Aspects That Fall Below The Standard

110.9 (1) a : Within six months of becoming registered, a physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, for all household members over the age of 18. Physical exams should be repeated every three years.
- Stefinie's health statement recently expired and needs to be renewed using the State form she has copies of.

110.9(3) : An individual file is maintained for each substitute and contains:
110.9 (3) b : Within six months of approval, a Physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, which is repeated at least every three years.
110.9 (3) d : Certification in infant and child first-aid that includes mouth-to-mouth resuscitation.If they are unable to locate first aid training that includes mouth-to-mouth resuscitation, they must complete both a first aid course and CPR.
- Stefinie needs to update her substitute William's file with a current health statement on the State form and needs to find a copy of his current CPR/First Aid certification to have on file.

The above corrections need to be in place by 11/30/2026 and will be reviewed during her next visit.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Stefinie was in compliance having a plan consistent with her current operation.

I encourage Stefinie to work with Kathy Lloyd from Child Care Resource and Referral with any ongoing compliance or training needs.
Kathy can be reached at: (319) 231-9405

Stefinie currently has no infants under 12 months of age but is expecting to start one in the near future. We reviewed safe infant sleeping policies.
