CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Kaye Wilson on 10/5/2026. Kaye has been involved in child care for 9 years. She continues using the main floor only in her ranch style slab home. Her primary space includes an open living room and kitchen, but a lot of the time is spent in a back addition room devoted entirely towards child care. Kaye had 5 children present during the time of our visit and cares for a total of 12 children at this time. She has an exception to policy allowing her to care for 10 children with no assistant that runs through June 2027. Kaye has 2 HHS-approved substitute/assistants. She has 2 dogs, both with current vet statements on file. Kaye uses her open back yard for an outside play area, and is due to renew her registration effective 8/31/2027.

2. Identify Observed Strengths Of The Program

Kaye describes her strengths as being very organized, very structured, and sticks with a regular routine. She likes to teach the children skills that enhance their ability to become more independent. Kaye has good open space for the children and her back addition has a good set up for learning activities, arts/crafts, and free play. Her curriculum includes school style learning adventures in the morning that are mixed with free play and activities. The children were working on coloring and learning activities when I arrived. There were examples of recent Halloween crafts on the walls from last week. Kaye provides regular outside times in the afternoons as weather permits. She participates in the Food Program to enhance the nutrition of her meals and snacks.

3. Identify The Aspects That Fall Below The Standard

Kaye was in compliance at this time.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Kaye was in compliance having a plan consistent with her current operation.

I encourage Kaye to continue working with Kathy Lloyd from Child Care Resource and Referral with any ongoing compliance or training needs.
Kathy can be reached at: (319) 231-9405

Kaye had one infant under 12 months of age in care during our visit who was awake. We reviewed safe infant sleeping policies.
