Dear Child Care Provider:

This letter is in regards to the compliance visit at your Registered Child Development Home B conducted on 07/11/2023. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. Your home is rated a 4 on the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1)	**Facility Requirements**
441 IAC 110.8(1)“ h”	The home shall have at least one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway. Each smoke detector shall be installed according to manufacturer’s recommendations. The provider shall test each smoke detector monthly and keep a record of testing for inspection purposes

Findings:

1. 110.8(1)h One of the provider's smoke detectors was beeping during the compliance visit, indicating that the batteries need to be replaced.

Suggestions/Recommendations:

1. The provider needs to change the smoke detector batteries regularly and immediately when they beep.

Corrective Action Required:

A re-check is not needed at this time, corrections need to be made by 8/1/23 and will be reviewed at the next annual compliance check.

I encourage you to work with Tabitha Copeland from Child Care Resource and Referral with any ongoing compliance or training needs.

Tabitha can be reached at: 563-362-8228

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration.
