CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a pre-inspection visit with Brianna Luck, who is applying to become a Registered Child Development Home, Category A. Brianna is planning to use the main floor only of her ranch style home. Her primary space will be the kitchen/living room, and 2 bedrooms. She had one countable child in care during the time of our visit, and has a total of 3 at this time. She plans to start a new family with a couple children next week. Brianna plans to use her open front yard and driveway for an outside play area. She lives on a very quiet street at the south edge of town. She has one dog and has a current vet statement of file. Brianna has no HHS-approved substitutes or assistants planned at this time.

2. Identify Observed Strengths Of The Program

Brianna has worked well with her CCR&R worker. She has a background as an educational assistant, and is working part time to complete a bachelor's degree in education. Brianna has patience with the children and experience working with children having special needs.

3. Identify The Aspects That Fall Below The Standard

Brianna's pre-inspection has been approved effective 8/24/2026.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Brianna has developed a plan consistent with her current operation.

I encourage Brianna to continue working with Katie Cruise from Child Care Resource and Referral with any ongoing compliance or training needs.
Katie can be reached at: (319) 530-5265

We reviewed safe infants sleeping policies for future reference. Brianna has a crib and pack-n-play for napping infants.
