CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Karen has been a Registered childcare provider since 2012. She does not currently have any children enrolled and has not had any children all year. She currently works in the school system and has worked in the school system since 1995. Karen wants to keep her Registration open and is open to caring for children ages, 3, 4, and 5 and school aged. She previously did not participate in the Food Program but stated she may consider it if she resumes in home childcare.

2. Identify Observed Strengths Of The Program

Karen does not currently have any children enrolled and has not for the year so no children files were reviewed. Karen is aware of the documentation required for the children's files.

As she has no children currently enrolled, this worker was not able to observe her in the caretake role. However, she does have a nice playroom for the children and talked of educational activities she likes to do with the children.

3. Identify The Aspects That Fall Below The Standard

Karen was in full compliance with all mandated regulatory requirements of a Registered Child Development Home.

If you have questions, you may contact me at 319-429-0749 or via email at christy.weber@hhs.iowa.gov.

Thank you for your service in providing childcare in your community.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

5. Special Notes/recommendations

Notes:
Karen has previously transported children.
We did discuss safe sleep policies. However, Karen shared that if she resumes care, she does not plan to take infants.
Karen only uses the main level of her home for childcare.

Recommendations:
Karen had written policies for ill children and health emergencies, but she did not yet have anything written in regard to notifying parents in writing that they are able to submit an exemption for immunizations (either religious or medical) in lieu of the immunization record for each child. This is a new policy effective 7/1/25 so we did discuss this, and we added that to her written policies while this worker was present. Karen noted that her policies are shared with all families upon enrollment.
