☒ Registered Child Development Home C

☐ Registered Child Development Home C1

☐ Non Registered Child Care Homes accepting CCA

Program Population Served:

☐ Infant(0<24 mos)

☐ Toddler

☐ PreSchool

☐ School Age

☒ All Ages

1. Basic Overview

Ashley became a Registered childcare provider in 2014. She shared that she did have about one year of prior experience in a childcare center. Ashley is not a participant of the IQ4K quality rating system. Ashley does participate in the Food Program. Ashley is open to caring for children of all ages (infant through school-age.) Ashley provides childcare on the main level of her home. Ashely has a large fenced in yard for outdoor play for the children. Ashley does have 3 cats that do interact with the childcare children. Ashley and her husband are both approved co-providers. She does not have an additional substitute or assistant.

2. Identify Observed Strengths Of The Program

Ashley had 7 childcare children present on this date and one of her own children that does count towards her childcare

numbers. The children were playing in the toy room and this worker also observed Ashley provide breakfast.

She does have a toy room set up nicely that offers a variety of toys and activities. Ashley has a routine in her day as well that offers time for free play, time for reading, crafts and activities and outdoor play.

This worker observed Ashley have positive interactions with the children. There was a child present who is fairly new and having some difficulty adjusting and Ashley did a nice job comforting him and offering him opportunities and activities but also allowing him to sit until he was ready to interact.

Ashley's documentation was nicely organized into binders and a file container. Her contracts/policies were also nicely written and included more than the required minimum.

3. Identify The Aspects That Fall Below The Standard

110.8(1)n. All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.
Ashley has 3 cats and all 3 of the pet exams had expired. The cats are scheduled to see the Vet on 5/23/26.
*Ashley needs to obtain updated/annual pet exams for all 3 cats.

A re-check is not needed at this time. The above corrections should be made within 3 weeks (by 6/1/26) and will be reviewed at the next annual compliance check.

If you have questions, you may contact me at 319-429-0749 or via email at christy.weber@hhs.iowa.gov

Thank you for your service in providing childcare in your community.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

NA

5. Special Notes/recommendations

Notes:
Ashley shared that she does not transport the childcare children.
Ashley shared that she does not ever use a swimming pool but might use a hose for other water play.
We did discuss safe sleep policies.
We did discuss the number of children she is allowed to care for at one time as a Category C provider.

As part of the 2026 Targeted compliance the Emergency Preparedness Plan was thoroughly reviewed. Ashley was in compliance with her EPP. She was encouraged to review it at least yearly to ensure that no changes need to be made.

Recommendations:
Ashley did not yet have anything written in regard to notifying parents in writing that the state does allow parents to submit an exemption for immunizations (either religious or medical) in lieu of the immunization record for each child. This is a new expectation for providers effective 7/1/25 so we did discuss this, and she agreed to get that documented accordingly.

CHILD CARE ANNUAL EVALUATION
