1. Basic Overview

I conducted a combined complaint and compliance visit with Registered Child Development Home Category A provider Tricia Trampel on 3/13/2026. Tricia has been involved in child care for 2 years as a registered provider with the State. Tricia is using the main floor only of her ranch style home. The basement has a trap-door access and is used for some limited storage only. I did not review the basement on this visit, it was reviewed during her visit in 7/2025. Tricia has a series of gates to control access to the several rooms on her main floor. Tricia has one cat, needing a current vet statement to have on file. She has no HHS-approved assistants or substitutes. She had one child present during the time of our visit, and has a total of 10 children in care. (Several are part-time) Tricia is due to renew her registration effective 6/30/2026.

2. Identify Observed Strengths Of The Program

CHILD CARE ANNUAL EVALUATION

Tricia has done a good job maintaining most of her files and compliance paperwork since becoming registered. She is using the Playground child care technology system. Tricia's environment was clean and clutter free. Tricia's efforts to meet the needs of her families were noted. She describes being pretty flexible with the schedules her families need coverage for. I did not review her curriculum practices during this visit.

3. Identify The Aspects That Fall Below The Standard

110.6 : No more children are in care than the number authorized on the registration certificate.
110.7 (1) a : Gives careful supervision at all times.
110.7 (1) c : Gives consistent, dependable care.
- Non-compliance with regards to supervision and over numbers has been addressed in a separate complaint response.

All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.
- Tricia needs to obtain a current vet statement for her cat to have on file. This needs to be completed using the State form she has a copy of and needs to be renewed every year.

110.13 (1) c : Not more than two additional school-age children
- This has been addressed in a separate complaint response.

Tricia needs to obtain her vet statement to have on file by 5/29/2026. This will be reviewed during her next visit.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

- Tricia will be presented with a safety plan in two weeks regarding supervision and numbers of children. This has been addressed in a separate report.

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Tricia was in compliance with a plan consistent with her current operation.

I encourage Tricia to work with Christa Jergens from Child Care Resource and Referral with any ongoing compliance or training needs.
Christa can be reached at: (515) 201-7203

Tricia has no infants under 12 months of age in care during our visit. I reviewed safe infant sleeping policies with her.
