CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category C-1 provider Jodi Reisetter on 11/18/2025. Jodi has been been involved with child care for 30 years. She is currently renewing her certification this month. Jodi uses the lower level only of her ranch style home. She has a walk out basement to meet the requirements for a second exit. Jodi had 7 children in care during the time of our visit, and currently has an exception for one extra child as a Category C-1 provider. Jodi lives in a rural setting with large, open yard space for her outdoor play area. She has a public water supply.

2. Identify Observed Strengths Of The Program

Jodi has a large basement area that is designated for child care only that includes lots of open space and good natural light. She stresses children being able to develop good communication skills with each other and with her. Jodi's curriculum involves having a monthly theme that includes many learning activities. The activities include arts, crafts, lots of reading time, and choosing a letter of the alphabet to focus on for a day. There was a Thanksgiving turkey art project being prepped for the children when I was there. The kids have lots of outside time and Jodi does not include screen time with her operation. Jodi participates in the Food Program to enhance the nutrition of her snacks and meals.

3. Identify The Aspects That Fall Below The Standard

5. Special Notes/recommendations

I encourage Jodi to work with Julia Green from Child Care Resource and Referral with any ongoing compliance or training needs.
Julia can be reached at: (515) 202-1830

Jodi had 2 infants under 12 months of age during the time of our visit who were awake. Jodi has pack-n-plays for napping and we reviewed safe infant sleeping policies.
