Findings:

An annual compliance check was completed on 1/5/24 and the following was out of compliance:

441 IAC 110.8(1)“h” The provider shall test each smoke detector monthly and keep a record of testing for inspection purposes.
Riley did not have documentation of monthly testing of her smoke detectors. I did provide her a form to use.

441 IAC 110.9(1)“a” A physician’s examination report for the provider and all members of the provider’s household aged 18 years or older . Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report. All children residing in the household must have medical documentation outlined in 110.9(4) “d”, 110.9(4) “f”, and 110.9(4) “g”
Riley's physical had expired.
They did not have a physical for Arianna (co-provider).

441 IAC 110.9(1)“b” (1) I-PoWeR records or certificates verifying required training completion:
Prior to registration:
minimum health and safety training, approved by the Department, in required content areas
Iowa’s Mandatory Child Abuse Reporter Training
Both Riley and Arianna's Mandatory child abuse reporter training had expired.

441 IAC 110.9(1)“b”(2) Documentation from the department confirming the record checks required under 441 IAC 110.11(3) have been completed and authorizing or conditionally limiting the person’s involvement with child care.
Riley could not locate this documentation.

441 IAC 110.9(4) Children’s Files. An individual file for each child shall be maintained and updated annually or when the provider becomes aware of changes. The file shall contain:
An admission physical examination report signed by a licensed physician or designee in a clinic supervised by a licensed physician
The date of the physical examination shall not be more than 12 months before the child’s first day of attendance at the child development home.
The written report shall include past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary.
Riley was missing initial physicals for 3 of the preschool age kids in her care.

Suggestions/Recommendations:

Riley needs to make sure that each smoke detector is tested monthly and keep a record of testing for inspection purposes.

Riley needs to obtain an updated physical on the HHS approved form.
Arianna needs to obtain a physical on the HHS approved form.

Riley and Arianna need to update their Mandatory Child Abuse Reporter training ASAP and send pictorial verification to this worker.

Riley should try to locate her documentation from the department confirming the record checks required under 441 IAC 110.11(3) have been completed and authorizing or conditionally limiting the person’s involvement with child care. If she cannot locate this, she should make sure to save the one sent to her at the time of her next review.

Riley needs to work with the parents to obtain the 3 missing physicals and ensure that all required paperwork is in each child's file.

Corrective Action Required:

A re-check is not needed at this time. Corrections need to be made by 1/26/24 and will be reviewed at the next annual compliance check. Please send pictorial verification of the items where specifically noted above.
