CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Crystal is just starting her involvement with the child care program in the state of Iowa. Crystal was fully compliant with rules and regulations during her first pre inspection visit. Crystal will begin by just providing care for first shift.

2. Identify Observed Strengths Of The Program

Crystal was a CNA for two years before coming into the child care field. Crystal believes her greatest strength is patience. Although she worked primarily with adults previously, Crystal notes that much of the same skills are needed for working with children, especially patience. It is evident that Crystal is excited to begin this new adventure in her life. Crystal appears extremely organized and is utilizing a binder system to keep her child care paperwork organized. Crystal's Emergency Preparedness Plan is very thorough. Crystal spent a great deal of time creating this document and ensuring that she included details for numerous scenarios.
