## CHILD CARE ANNUAL EVALUATION

**1. Basic Overview**

Cheryl has been providing registered child care for approximately one year now. Cheryl cares for children aged infant through school age for first shift only.

**2. Identify Observed Strengths Of The Program**

Cheryl believes her greatest strength is that she has a strong understanding of child development. Prior to providing child care, Cheryl had a teaching career for approximately 20 years. Cheryl has a genuine love for children and enjoys spending time with them. Cheryl's home is appropriate and safe for all ages of childcare. Cheryl works well with available supports and resources, specifically Child Care Resource and Referral.

**3. Identify The Aspects That Fall Below The Standard**

Nonsmoking signs are posted at every entrance of the home and in every vehicle used to transport children. Signs include telephone number for reporting complaints, and www.iowasmokefreeair.gov.
Cheryl needed a no smoking sign for her vehicle. This worker provided a sign during the visit.

Cheryl could not locate her Emergency Preparedness Plan during the visit. Shortly after this worker left the home, Cheryl located the EPP and texted pictures to this worker. Nothing further needed.

110.9 (1) a : Within six months of becoming registered, a physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, for all household members over the age of 18. Physical exams should be repeated every three years.
