CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Katie has been providing child care since approximately 2010. Katie accepts children from infant through pre-kindergarten. Katie is available for care Mondays through Fridays for first shift families, however, currently does not have any openings. Katie is a two provider category C child development home with her daughter Scotlynn. Katie describes their child development home as play based learning with some structure throughout the days. Katie states that kids learn their colors, numbers and other basic skills through play. Katie also works with children on their emotional skills including learning patience and kindness. Katie has a safe environment with a wide array of play opportunities for all ages and stages of development.

2. Identify Observed Strengths Of The Program

Katie believes her greatest strength is the patience she demonstrates to children in her care. Katie is reliable and dependable and offers a fun and safe environment for children to learn and grow. Now that Katie is working with her daughter, it is providing them more flexibility in offering different activities for different children. Katie works with outside resources as needed, including Child Care Resource and Referral.
