I. IF CURRENT LICENSE IS PROVISIONAL, IDENTIFY THE CORRECTIVE ACTIONS

II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

An unannounced off year licensing visit was made to Shea's Learning Days Child Development Center on 11-1-2022. The center opened at this location on 5-5-2014. Chanda continues to be the director. (Chanda's daughter) Makenna Hogg is a on-site supervisor. Child care services are offered to infants to school age children from 6:30 am to 5:30 pm, Monday through Friday.
There are 30 children enrolled. I met with Chanda during my licensing visit.

Observation of rooms:
There are two program rooms. The infant room is for children six weeks to 15 months old. There were four children with one staff. The staff were attentive to the needs of the children. The room looked very nice, there is a fun variety of age and developmentally appropriate toys and equipment. The daily sheets looked good, they are on the iPad and sent to the parents each day. No shoes are allowed on the carpeted area, this is a health and safety precaution and is cleaner for the children. The room has two sinks, one for hand washing after diaper changing and the other sink is for meal preparation.
Do not allow children to use swaddling blankets as this is considered a safety and safe sleep hazard, please refer to safe sleep requirements for more information.

The large room separates the children into groups according to age. There were fifteen children in one area sleeping during nap time. Reach for the Stars curriculum is used. Amanda develops the lesson plans and they can be accessed by the parents on the Himama app. The room looked great, there is a wonderful variety of age and developmentally appropriate toys and equipment. Staff were attentive to the needs of the children. Fun art work was displayed.

Nutrition:
Breakfast, lunch and snacks are prepared on site in the kitchen. Proper food storage was observed. Menus are prepared on a weekly basis and are posted. Even if you aren't on the federal food program, compliance with the CACFP food guidelines is required.

Health and safety:
The staff follow the medication management procedures when a child is prescribed medication and they have the medication log. Fire and tornado drills are practiced and documented each month. Two radon tests were completed in September 2022 with test results of 1.4 pCi/L and 0.9 pCi/L.
Chanda reported that the building has electric appliances.
The center participates in the Quality Rating System (QRS) and they are a level 3.

Playground:
The center has a wonderful fenced playground area. Monthly playground inspections are completed.

Transportation:
The center doesn't provide transportation services.

Administrative records:
Six child files were read and were in good order.
Three staff files were read, make sure the national record check process is completed for staff.
Chanda has staff meetings and meets with all staff on an ongoing basis.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

Chanda and McKenna are very organized and have excellent skills as the director and on-site supervisor. Chanda is very proud of the center and the staff, she does nice things throughout the year to show appreciation for her staff. Amanda helps with files.
The center participates in the Quality Rating System (QRS) and they are a level 3. Chanda will apply for the IQ4K program.
The center applies for grants and the center has new furniture and rugs.

The center is a wonderful resource for the community. The staff have excellent interactions with the children.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

V. SPECIAL NOTES/RECOMMENDATIONS:

A full license is recommended for Shea's Learning Days Child Development Center for 1-1-2023 to 1-1-2025.
