CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Korene has been providing child care for over 31 years. Korene has been a registered child care provider with the state of Iowa the entire time. Korene provides first shift care to infants through early elementary age (7 or 8 years old). Korene's child care setting is play based and daily activities vary according to the children's behaviors and individual needs.

2. Identify Observed Strengths Of The Program

Korene stated that she believes her greatest strength is how much she cares for the children. Parents, family and community members often tell Korene that she has the "biggest heart of anyone they have ever known". Korene has a great deal of patience in working with both children and their parents. Korene tends to take care of everyone else before worrying about or caring for herself. Korene's required paperwork for her child care business is very organized in a binder system she has been utilizing for years. This makes compliance visits much quicker as all items are in the same location.
