CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Halima Issack has been a registered childcare provider since November of 2025. Halima is currently a category "A" Child Development Home Provider. Halima recently moved to a new residence. This category allows the provider to have 6 preschool children with an additional 2 school aged children in care at one time. This is a Change of Address pre-inspection to determine if the new address is appropriate for childcare. There are no pets in the Child Development Home. Halima does not provide transportation for the families in her care. Halima is available for care 24 hours a day 7 days a week.

2. Identify Observed Strengths Of The Program

The home is clean, sanitary, and appropriate for childcare. Halima has completed her required trainings as reviewed by the Registration Unit. Halima has completed Safe Sleep training; this worker reviewed the policy with her and the translator. Halima will implement the practice when she has children 12 months or younger in her care. Halima uses Time Out and redirection as her primary behavioral interventions when needed. Corporal punishment is not practiced in the Child Development Home. Children in Halima's care will receive regular meals and snacks as appropriate.

3. Identify The Aspects That Fall Below The Standard

Halima met all expectations of the Change of Address inspection.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance
