- [ ] Toddler
- [ ] PreSchool
- [ ] School Age
- [X] All Ages

CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category A provider Kassondra Wamre on 5/5/2026. This was Kassondra's first compliance check since her pre-inspection last year. She has been involved in child care for 1 year, though has a degree in education and taught for years before starting her child care operation. Kassondra is using her basement as the primary child care space with some transition times on the main floor of the ranch style home. She is a Category A provider and does not need a second exit from the basement level at this time. Kassondra has no HHS-approved substitutes or assistants at this time. She had 4 countable kids in care during the visit and has 6 total at this time. Kassondra has a fenced back yard for her outside play area. She is due to renew her registration effective 5/31/2027.

2. Identify Observed Strengths Of The Program

Kassondra has a degree in education and experience working with children that includes both teaching and child care. She is regularly working with her CCR&R worker and is planning to start her pursuit of becoming an IQ4K provider. Kassondra is currently using the Brightwheel child care computer application. She describes her strengths as having a primary focus on safety with the kids she has in care. Her goal is to provide a fun and nurturing environment. Kassondra likes learning and growth in her own professional development. This is reflected in adapting new ideas and activities into her operation. Her curriculum is currently centered on lots of tactile activities with a couple of crafts each month. She currently has a very young group of children. Kassondra participates in the Food Program to enhance the nutrition of her snacks and meals.

3. Identify The Aspects That Fall Below The Standard

Kassondra was in compliance at this time.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Kassondra was in compliance having a plan consistent with her current operation.

I encourage Kassondra to work with Shelby Hageman from Child Care Resource and Referral with any ongoing compliance or training needs.
Shelby can be reached at: (319) 433-7760

Kassondra currently has no infants under 12 months of age in care. We reviewed safe infant sleeping policies for future reference.
