II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

An unannounced off year visit was completed at this center on 1/9/23. This program is owned and operated by the Davenport Community School District and is located in the Eisenhower Elementary School building. Shaney Ford is the director for all of the Stepping Stones child care programs. Shaney was not present at this center on the day of the visit. The director's assistant, Ashley Ramirez, was present as the on site supervisor along with other staff. Subsequent the visit, Paxton Schurke, has been approved as the on site supervisor. This center serves school age children from this school only. The program operates on school days only.

The gymnasium/cafeteria is the primary space for this center and is supposed to be always available to the program. The center also uses the library as approved space though not included as licensed space. The center is reminded to ensure these areas meet licensing requirements prior to each use.

The center uses tables set up in the gym/cafeteria for activities. The center uses separated boys and girls restroom areas adjacent to and/or just outside of the gym/cafeteria (one toilet and one sink each). Additional hallway restrooms with multiple toilets and sinks are also available.

The center provides snack. Snack is prepared and supplied by the school cafeteria and left out or placed in the milk cooler where accessible for the program.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

The center provides a needed service to the children and families from this school. The center typically provides several various enrichment programs throughout the week at each of their after school child care programs. These programs are provided at no extra charge to the families. The center has achieved one star QRS rating through 7/31/23. The center includes plenty of materials for children's activities.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

109.10(3): Medications
Medication authorization missing the specific beginning and ending dates for the period of authorization.

V. SPECIAL NOTES/RECOMMENDATIONS:

1. Ensure the soap and rinse steps for food service table preparation are completed separately and wiped with a separate cloth. If children are helping with this activity, they need to be supervised.
2. Staff need to improve supervision during transitions between rooms at the center. Children should always be in direct staff eyesight, ratio shall be maintained, and staff shall demonstrate that they are accountable for the children they are

responsible for at all times.

The center will continue with a full license. The center is directed to correct the items cited and the items noted above in this section of the report and to submit a written summary to the licensing consultant as to how and when those corrections are/will be completed. The written summary shall be submitted within 30 days of receipt of this evaluation. Thank you.

*Note: If you are the Child Care Center Director and you feel something is unclear or unjustly cited, please contact your DHS Licensing Consultant to discuss the issue. The child care director may also send a response which will be placed in the licensing file.

*Note: If you are a member of the general public, there may be additional information contained in the public file. You may contact the DHS Licensing Consultant to inquire.
