1. Basic Overview

This Pre-inspection was completed as Stacey becomes a newly Registered childcare provider. She does not have prior childcare experience but shared her mother was a childcare provider for years so she is familiar with in home childcare from that standpoint. Stacey is currently caring for a niece and nephew on 2nd shift but is open to caring for other children and willing to provide care during other shifts as well. She plans to care for school-age children. Stacey was made aware of the Food Program. Stacey plans to provide childcare on the main level of her home only. She does have a fenced in yard. Stacey does have one dog. Stacey does not currently have an approved assistant or substitute, but she is considering having her mother approved.

2. Identify Observed Strengths Of The Program

CHILD CARE ANNUAL EVALUATION

No childcare children were present at the time of this Pre-inspection, so this worker did not have an opportunity to observe her with the childcare children. Her home was clean.

Stacey did have file folders and a file box for her documentation that was organized.

Children's files are not required at the time of a pre-inspectin but his worker did review her files for the 2 children she currently has in care to ensure she is staring off correctly. She did have the documentation that is required.

3. Identify The Aspects That Fall Below The Standard

Stacey was in compliance with all the required items for her Pre-inspection.

Thank you for your service in providing childcare in your community.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

NA

5. Special Notes/recommendations

Notes:
Stacey shared that she is willing to transport children.
Stacey shared that she does not ever plan to use a swimming pool.
We did discuss safe sleep policies.
We did discuss the number of children she is allowed to care for at one time as a Category A provider.

As part of the 2026 Targeted compliance the Emergency Preparedness Plan was thoroughly reviewed. Stacey was in compliance with her EPP.
She was encouraged to review it at least yearly to ensure that no changes need to be made.

Recommendations:
Stacey did not yet have anything written in regard to notifying parents in writing that the state does allow parents to submit an exemption for immunizations (either religious or medical) in lieu of the immunization record for each child. This is a new expectation for providers effective 7/1/25 so we did discuss this, and she agreed to get that documented accordingly.
