CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Elizabeth has been providing child care for approximately 25 years. Elizabeth has been registered with the state of Iowa for almost 20 of those years. Elizabeth accepts children from infant through school age Monday through Friday 7:00 a.m.- 5:30 p.m. Elizabeth provides first shift care to families. Elizabeth provides a play based environment for children in her care. Due to the varying ages of children she cares for, it is difficult for her to maintain a strict daily routine. Elizabeth does crafts with the children as often as possibly and provides appropriate social stimulation to children by planning joint outings with another registered child care provider occasionally.

2. Identify Observed Strengths Of The Program

Elizabeth believes her greatest strength is that she is extremely reliable to all of her families. Elizabeth communicates well with parents and children alike. Elizabeth states that cleanliness is important to her and she takes pride in maintaining a safe and clean environment for children. Elizabeth excels at paperwork and and organization of that paperwork. Elizabeth is a participant in the CACFP food program for child development homes. Elizabeth requests assistance as needed and follows the rules for child development homes, as noted in her recent application for an exception to policy to allow her to have one additional child under the age of two in care.

3. Identify The Aspects That Fall Below The Standard

None noted. Elizabeth is fully compliant with rules and requirements for a registered child development home.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance
