1. Basic Overview

Yurieska has been a registered childcare provider since February 2023. Yurieska's mother, Rosa, is her assistant. Yurieska's childcare hours are 7:00am to 4:00pm, Monday through Friday. Yuriska accepts children of all ages. Yurishka participates with the food program and speaks both English and Spanish.

2. Identify Observed Strengths Of The Program

Yurieska says that the library visits her program every 2 weeks and brings books and crafts to do with the children. Yurieska says that she also has had the police department and the fire department come to visit the daycare.

Yurieska says that she has the children participate with circle time everyday where they dance, do yoga, stretch, read stories

and practice skills such as letters, numbers and colors.

During the compliance visit, Yurieska's mother was playing outside with some of the older children, she brought the children in, had them wash their hands and play in the playroom. Yurieska was observed comforting a child who just recently started attending. Yurieska was affectionate with the child and helped them calm down by hugging them, offering words of comfort and then distracting them with an activity.

It is also a notable strength that Yurieska is bilingual, she speaks both English and Spanish.

3. Identify The Aspects That Fall Below The Standard

110.6 : No more children are in care than the number authorized on the registration certificate.

1. Yurieska was caring for 9 children, all under school age. Yurieska said that a new child started and another child would be leaving within a week.

Emergency numbers posted for police, fire, ambulance, and poison information center.
Number for each child’s parent, a person who can be reached when the parent cannot and child’s physician is written on paper and readily accessible by the working telephone.

1. Yurieska did not have emergency contact information hung up, she stated they recently painted and have not hung her signs back up.

Nonsmoking signs are posted at every entrance of the home and in every vehicle used to transport children. Signs include telephone number for reporting complaints, and www.iowasmokefreeair.gov.

1. Yurieska said that she also took down her No Smoking signs for painting and has not hung them back up.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

1. Yurieska needs to stay within ratio for a category B child development program, "not more than 8 preschool children present at any one time including infants."

2. Yurieska needs to post emergency numbers and emergency contact numbers for parents.

3. Yurieska needs to post No Smoking signs and each entrance of the home.

5. Special Notes/recommendations

Targeted Compliance: Emergency Preparedness Plan

Yurieska's EPP was reviewed and was found to be up to date and appropriate.
