CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Celeste has been a registered child care provider in the Scott County area for over twenty years. Celeste provides first shift care to all ages of children. Celeste's program revolves around a play based approach, with activities varying depending on the ages and developmental stages of children in care. Celeste takes children outdoors daily for large motor development and if unable to be outside due to weather conditions, Celeste enjoys doing exercise activities indoors with the children.

2. Identify Observed Strengths Of The Program

This worker observed Celeste interacting with the preschool children and engaging with them throughout the visit. This worker also observed Celeste feeding an infant in care while still appropriately supervising the other children. Celeste has her paperwork for herself and enrolled children organized in files and easy to review for compliance items.

3. Identify The Aspects That Fall Below The Standard

110.9 (1) b : Documentation from the Department confirming record checks have been completed and authorizing or limiting the person’s involvement with child care.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance
