Dear Child Care Provider:

This letter is in regards to the pre-inspection visit at your Registered Child Development Home B conducted on 08/30/2023. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(2) **Use of Outdoor Space**

441 IAC 110.8(2) “b” When there is a swimming or wading pool on the premises:

1. A wading pool shall be drained daily and shall be inaccessible to children when it is not in use.
2. An aboveground or in-ground swimming pool that is not fenced shall be covered whenever the pool is not in use. The cover shall meet or exceed the ASTM International (formerly known as the American Society for Testing and Materials) specification intended to reduce the risk of drowning by inhibiting access to the water by children under five years of age.
3. An uncovered aboveground swimming pool shall be enclosed with an approved fence that is non-climbable and has a minimum height of four feet.
4. An uncovered in-ground swimming pool shall be enclosed with a fence that is non-climbable and is at least four feet high and flush with the ground.

441 IAC 110.8(5) **Safe Sleep**

441 IAC 110.8(5) "a" The provider shall follow safe sleep practices as recommended by the American Academy of Pediatrics for infants under the age of one.

a. Infants shall always be placed on their back for sleep.
b. Infants shall be placed on a firm mattress with a tight fitted sheet that meets Consumer Product Safety Commission federal standards.
c. Infants shall not be allowed to sleep on a bed, sofa, air mattress or other soft surface. No child shall be allowed to sleep in an infant seat, car seat, swing, bouncy seat, or items not designed for sleeping.
d. No toys, soft objects, stuffed animals, pillows, bumper pads, blankets, or loose bedding shall be allowed in the sleeping area with the infant.
e. No co-sleeping shall be allowed.
f. Sleeping infants shall be actively observed by sight and sound.
g. If an alternate sleeping position is needed, a signed physician authorization with statement of medical reason is required.

Findings:

1. 110.8(2)b The provider has an above ground pool that is not fenced and does not have a cover that meets ASTM standards.

2. 110.8(5)a The provider had an infant sleeping in a swing at the time of the visit.

Suggestions/Recommendations:

1. The provider will either take down the pool, install a 4-foot, non-climbable fence or purchase and install a cover that meets ASTM standards.

2. The provider will review and follow Safe Sleep guidelines. SW Bailey will make a referral to CCR&R and the CCNC.

Corrective Action Required:

The provider will need to remedy the above issues that are out of compliance and provide documentation to SW Bailey by either photo or a revisit by 9/13/2023.

I encourage you to work with Heather Bloome from Child Care Resource and Referral with any ongoing compliance or training needs.

Heather reached at: 563-940-7971.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at 319-800-4702 or hbailey@dhs.state.ia.us if you have any questions regarding this letter.

Sincerely,

Holly Bailey
