	REVOCATION of license

Licensing Consultant: Amy Lyons **Date:** 01-31-2025

I. IF CURRENT LICENSE IS PROVISIONAL, IDENTIFY THE CORRECTIVE ACTIONS

Not applicable.

II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

Downtown Cedar Rapids KinderCare is part of the national KinderCare Education enterprise. KinderCare Learning Centers (KLC) were founded in 1969 and have continued to provide childcare programming for over 53 years. KLC provides educational programs for children from six weeks to 12 years old. These nationwide educational programs include over 1,000 early childhood education community centers, over 500 before-and-after school programs, and over 100 employer sponsored centers in 38 states and the District of Columbia. KinderCare Education enrolls approximately 200,000 children and employs approximately 30,000 people nationwide. This report pertains specifically to Downtown Cedar Rapids KinderCare which commenced operations on 10/29/2022. Downtown Cedar Rapids KinderCare operates year-round, Monday through Friday 6:45am to 5:30pm. The program serves children age birth through preschool-age. Current enrollment is 130.

Director Sara Schwerin has been with KinderCare since 2001 and a KinderCare director for over 18 years. Ms. Schwerin became director of the Downtown Cedar Rapids KinderCare when it opened October 2022. Ms. Schwerin has a BA degree in Elementary Education/Middle School with an childhood education endorsement. Ms. Schwerin has a valid Iowa teaching license. Ms. Schwerin has much experience working with children (including being a past lead teacher for the program's statewide 4-year-old voluntary preschool classroom) and continues a goal-oriented professional growth plan.

On 1/6/2025, program space was observed.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

Downtown Cedar Rapids KinderCare is located in a predominantly urban neighborhood. The profit program provides a variety of full-time and part-time learning opportunities as well as accepts many different of funding sources to help meet the needs of children and families throughout the community.

Downtown Cedar Rapids KinderCare has established the following website for families and the community to learn more about the program:
https://www.kindercare.com/our-centers/cedar-rapids/ia/302059.

The mission of this KinderCare is "…to provide programs and environments that enrich children's development, promote respect for children, and celebrate the joy of childhood".

KinderCare programs have a history of participating in quality initiatives including national accreditation, CACFP, QRS/IQ4K, and local quality initiatives. Ms. Schwerin discussed future goals of continued participation in quality initiatives including national accreditation and IQ4K.

Downtown Cedar Rapids KinderCare is now part of the national KinderCare Education enterprise. KLC were founded in 1969 and have continued to provide childcare programming for over 50 years. KLC provides educational programs for children from six weeks to 12 years old. These nationwide educational programs include over 1,000 early childhood

education community centers, over 500 before-and-after school programs, and over 100 employer sponsored centers in 38 states and the District of Columbia. KinderCare Education enrolls approximately 200,000 children and employs approximately 30,000 people nationwide.

Ms. Schwerin has been with KinderCare since 2001 and full-filled a director role for over 18 of those years. Congratulations on celebrating 24 years! Ms. Schwerin is an early childhood mentor/educator in the community. Ms. Schwerin has held past seats on both the East Central NAEYC board and the Iowa NAEYC governing board. The management team (e.g. District Leader Rachel Ross, Regional Leader Christiane Moore, Director Ms. Schwerin, Assistant Director Lauren Legrand) is organized and has developed noteworthy systems of organization to help ensure administrative items are completed as required and maintained in a secure manner. The management team is knowledgeable of licensing guidelines as well as their own program's policies and procedures. As a result, the program experiences smooth daily operations. Ms. Schwerin continues to talk about the collaboration that is done among local as well as national KinderCare sites that allows for a sharing of materials, curriculum, ideas/planning, and professional growth training.

Downtown KinderCare has seasoned staff as well as hired a few new ones. Staff reported celebrating 2 years, 8 months, and 6 months employment at this location. The cook has been with them since summer 2023. KLC has recruiters to help with staffing needs. Staff are encouraged to use a group staff chat App for collaboration and to give a "Shout Out" to one another by sharing successes and unique programming ideas with one another. KLC continues to increase and/or offer training opportunities, retention incentives, teacher appreciation/acknowledgment, family/staff referral/incentives, continued no cost staff educational development, and the continued partnerships with the TEACH and WAGE$ programs.

Downtown Cedar Rapids KinderCare has emergency plans, policies, and procedures in place which are annually reviewed and updated as needed. The local KLC have successfully navigated through historic Linn County flooding events, 2019 winter Polar Vortex, 2019 health (covid-19) pandemic, 8/10/20 Derecho Storm, 2021 food supply issues, 2022 infant formula shortages, 2023 air quality alerts and 7/19/24 global technology outage.

Downtown Cedar Rapids KinderCare continues efforts at optimal communication between the program/staff and families. The program has organized parent-staff/program information centers, offers regular program newsletters, utilizes technological communication resources (e.g. unique "Grow Me App"), and supports family programming activities. The program does offer family events throughout the year (e.g. open houses, fall festival, Santa visit with family photo opportunity, Grandparent's Day celebration, breakfast with parents, parent/program conferences), access to family ambassadors, and program/parent "Care Calls".

Building and grounds are maintained. To help ensure the building remains sanitary and hazard free each day, KinderCare has maintenance persons (e.g. indoor and outdoor) who assist in maintaining the property. The vestibule area is incredibly warm and inviting. It includes family/community resource information and sponsors a regular coffee/hot chocolate bar (e.g. water, snacks). Classrooms continue to be arranged in a thoughtful manner with learning at the forefront. Children's accomplishments (e.g. artwork) are displayed throughout the program space. Materials are accessible to children. Curriculum includes a combination of learning strategies incorporating KinderCare's unique curriculum, teacher created ideas, social emotional learning, early academics, and physical activity to nurture healthy bodies, happy hearts, and growing minds. Curriculum also incorporates on-site guest speaker events, themed days, seasonal parties and enrichments (e.g. cooking, STEM, music, phonics). Ms. Schwerin talked about a recent crock-pot cooking enrichment which received much positive family and child feedback. Communication between children and staff is done verbally, with picture cues, and through sign language. Ms. Schwerin discussed future goals related to curriculum updates coming in summer 2025.

Downtown Cedar Rapids KinderCare collaborates well with community partners including the local school districts, early access persons, local businesses, CCR&R, other childcare programs/directors, NAEYC administration and health professionals.

Each child is engaged in a daily health check upon arrival for early detection of apparent illness, communicable disease, or unusual condition or behavior which may adversely affect the child or the group. The program has policies and procedures in place for hand washing, cleaning, sanitizing and disinfecting. Staff were able to verbalize and engage in these processes. Cleaning checklists and daily sanitation reminders were observed to be in various areas of the center.

On the day of the monitoring visit, staff were observed to be nurturing and attentive to the children's needs. Activities observed included infant cares, center play experiences, small group work and routine transitions. Staff were overheard providing children with words of encouragement and engaging children in discussion. Children responded well to staff and appeared to be enjoying their day.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

109.12(4): Sufficient and safe indoor play equipment, materials, and furniture that conforms with CPSC or ASTM. Play equipment, materials, and furniture meet the developmental, activity, and special needs of the children. Room’s

arrangement does not obstruct the direct observation of children.
- Discontinue using the wagons, obtained since the last review, to transport children. The wagons' instructions state they shall not be used to hold people or children. Obtain US CPSC and ASTM approved multi-seat strollers and/or multi-seat buggies with safety straps.
- The outdoor playground does not have sufficient materials and equipment for children age 3yo and younger. Remedy.

V. SPECIAL NOTES/RECOMMENDATIONS:

Licensing continues to recommend Dutch Doors to help mitigate possible supervision concerns in various classrooms and restrooms.

Licensing continues to recommend a full dishwasher be installed in each infant area (including young toddler kitchenette area) and an additional full dishwasher be installed in the kitchen. If these items were available, infant room staff would have more time to dedicate to individual infant cares and food service personnel would have additional time to dedicate to food preparation.

In any and all restrooms where brooms and/or mops are being stored, add holders to mitigate soiling and sanitation issues.

Please note - The center continues to meet rule 109.11(3)c in that they are located in a densely developed area. Licensing received and reviewed a written plan (which has been added to the program's record) to not only use the on-site outdoor, courtyard play area but the nearby city park known as Green Square Park. As a result, total capacity is 200.

_____

The program's license remains in full status. Thank you for the visit.

*Note: If you are the Child Care Center Director and you feel something is unclear or unjustly cited, please contact your DHS Licensing Consultant to discuss the issue. The child care director may also send a response which will be placed in the licensing file.

*Note: If you are a member of the general public, there may be additional information contained in the public file. You may contact the DHS Licensing Consultant to inquire.
