- [X] All Ages

CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Angela is a Category A provider with over 10 years of experience as a registered provider. She does not participate in the food program. She provides a predictable daily schedule that includes meals, naps, playtime and outdoor activity (weather permitting).

2. Identify Observed Strengths Of The Program

Angela's home is clean with plenty of floor space for a category A provider. There are no health or safety concerns in the home. There are plenty of appropriate toys and activities suited for different age groups. She provides healthy meals and snacks.

3. Identify The Aspects That Fall Below The Standard

Each smoke detector is tested monthly, and a record is kept for inspection purposes.

Angela needs to maintain record of monthly testing of the smoke detectors.

Within six months of becoming registered, children 18 years of age or younger residing in the household must have: Admission physical exam report. Immunization certificate. For school age: Documentation of physical exam completed at time of school enrollment or since that time.

One of the Angela's children needs an updated physical examination or statement of health.

110.9 (4) d : For infants and preschoolers: An admission physical examination, on the first day of attendance, including past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary. The date of the exam is not more than 12 months before the child’s first day of attendance.
110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.

Two children were found to be missing current physical examinations and immunization records in their files.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

NA

5. Special Notes/recommendations

NA
