**Findings:**

This compliance visit occurred on 5/30/18 at 9:30am. This was also completed as a preinspection as the provider had recently moved to this address. The home was previously owned by another registered child care provider. The basement of the home is decorated in preschool motif and there were numerous age appropriate toys available for children to use. There were 4 children being provided care at this time. Two of the children were under 24 months.

**Children's files:**

The provider needs to have admission physicals for KG, AG, and KS.
