Dear Child Care Provider:

This letter is in regards to the follow up at your Registered Child Development Home A conducted on 07/05/2019. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

Findings:

A recheck visit was conducted on 7/5/19 to follow up on the safety plan from 6/26/19 regarding the safe sleeping of infants. Upon arrival, I observed two brand new pack and plays set up and ready for immediate use. The two infants in care were present and awake at the time of the visit. I was able to view the entire home and noted no concerns. I inquired how the new sleeping arrangements were going and you reported that the 5 month old likes to have a blanket to sooth themselves to sleep but you reported moving it promptly once the child has gone to sleep in the pack and play. I inquired if there were any physical limitations to getting the children in and out of the pack and play and you reported this was not an issue for you. You did have an approved household member present today, the individual was holding one of the infants. You reported this individual is not responsible for any of the care of the children and typically works during daycare hours.
