[ ] Registered Child Development Home C1

[ ] Non Registered Child Care Homes accepting CCA

Program Population Served:

[ ] Infant(0<24 mos)

[ ] Toddler

[ ] PreSchool

[ ] School Age

[X] All Ages

1. Basic Overview

Denise initially became a Registered childcare provider in 2009. She took a break from Registration from 2014-2018 and got approved as a non-registered provider at that time. In August of 2022 she again got Registered. Denise is open to caring for children of all ages. She is open to various shifts of care. Denise is not a part of the Food Program. Denise reported that she started the IQ4K quality rating program but did not complete the requirements as it was a lot of expectations.

2. Identify Observed Strengths Of The Program

Denise does offer transportation to children to and from school. She did express that she would be open to 3rd shift care. Denise only had one young child in care at the time of this visit and that child was sleeping. Thus, this worker did not have

CHILD CARE ANNUAL EVALUATION

an opportunity to observe the interactions.

3. Identify The Aspects That Fall Below The Standard

110.7 (2) e : The provider maintains a written record of the number of hours substitute care is provided, including the date and the name of the substitute.
Denise indicated that she has not always documented when she has used her substitute. This worker did provide her a form that she may choose to use for documentation purposes.
*Denise needs to ensure that she maintains a written record of the number of hours substitute care is provided.

110.8 : Conditions in the home shall be safe, sanitary, and free from hazards.
Denise did not have a clear path to her emergency tornado area.
*Denise needs to clear a path to her emergency tornado area and she needs to send pictorial verification of compliance to this worker.

110.8 (3) a : All medicines and poisonous, toxic, or otherwise unsafe materials are secured from access by a child.
Denise did have chemicals/cleaners in a cabinet under the bathroom sink but it was not secured. Denise did secure the cabinet while this worker was present.
*Denise needs to ensure that all medicines and toxic materials are secured from access by a child at all times.

110.9 (1) a : Within six months of becoming registered, a physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, for all household members over the age of 18. Physical exams should be repeated every three years.
Denise and husband Dereck did not have a current physical. The last one was in 2022 and has expired.
*Denise needs to obtain a provider health exam for herself and husband/assistant Dereck and those need to be on the approved HHS form.

110.9 (2) b : Within six months of approval, a Physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, which is repeated at least every three years.
Dereck is also an assistant (in addition to a household member) and he needs an approved Physical exam and it needs to be on the approved HHS form.

110.9 (2) c : Certification of two hours of approved training relating to identification and reporting of child abuse within six months of employment.
Both Denise and Dereck need an updated Mandatory Child Abuse Reporter training verification.
*Denise did send pictorial verification of these to HHS on 10/14/25. (She located them after this worker left the home)

110.9(4) : An individual file is maintained for each child and updated annually or when there are changes.
Denise had a file for each child, but they had not been updated annually.
*Denise needs to ensure that parents review the documentation annually and sign and date accordingly.

110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.
Denise was missing an updated/annual physical for one of the children in care.
*Denise needs to work with parents to obtain/maintain all the required documentation.

A re-check is not needed at this time. The above corrections should be made within 30 days and will be reviewed at the next annual compliance check.
Please send pictorial verification of the items where specifically noted above to christy.weber@hhs.iowa.gov or text to 319-429-0749.

Thank you for your service in providing childcare in your community.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

CHILD CARE ANNUAL EVALUATION

NA

5. Special Notes/recommendations

Notes:
We did discuss safe sleep.
We did discuss the number of children that Denise is allowed to have at one time as a Category B provider.

Recommendations:
Denise struggled to locate much of the required documentation, which took additional time for her to search for documentation. She did have files for herself, her husband/assistant and for Dawn (sub and assistant) but the files were missing some of the required documentation. Denise did locate some items in her computer after searching for a while. It is recommended that Denise print out the Mandatory Child Abuse Reporter training certificate for all of them and the First Aid and CPR certificates for all of them and place those in each individual's file for easy review at future compliance visits. She also needs to make sure each persons' documents are in the correct file.

It took Denise a while to locate her policies as well and it is recommended that she print that out and maintain it in a file for easy review at future compliance visits.

HHS Child Development
Home Compliance Worker: Christine Weber Date: 11/14/2025

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Child Care Resource and Referral is an excellent resource for providers to access training options and support in your area. You can reach Child Care Resource and Referral at I encourage you to work with Black Hawk County Child Care Resource and referral at 319-233-0804 if you have any ongoing compliance or training needs.
