CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Nicole is a category C1 provider who has been registered since 2008. Nicole does the daycare program mostly in the basement. There is a fenced in back yard with some play equipment. She participates in the food program.

2. Identify Observed Strengths Of The Program

Nicole maintains a clean, organized environment for the children. There are numerous toys for various stages of development for the children to play with. There are arts and crafts and other activities for children to develop their fine motor skills. Nicole provides the children with a very structured, yet nurturing environment. The children knew the rules and followed her instructions. Nicole did an excellent job of reassuring some children who were anxious over my presence in the home.
