1. Basic Overview

Yvonne has been providing child care for approximately 27 years now and has been registered for around 24 years. Yvonne states she has a loosely based curriculum with children in care that includes activities where the children regularly learn through normal play interactions. Yvonne provides child care Monday through Saturday for first and second shift families. Yvonne typically provides care to only one child of a year old and then prefers all enrollments to be potty trained or older.

2. Identify Observed Strengths Of The Program

Yvonne believes her greatest strength in working with children is that she can talk to parents easily and often offer a different perspective on their children or the children's behaviors. Yvonne jokes that she definitely has more patience with

children than she does with adults, which makes child care a good profession for her. This worker has seen improvement in Yvonne's paperwork through the years. Yvonne remains cooperative with HHS and communicates regularly as needed. Yvonne has a variety of toys available for children of all ages and stages.

3. Identify The Aspects That Fall Below The Standard

Each smoke detector is tested monthly, and a record is kept for inspection purposes.
Nonsmoking signs are posted at every entrance of the home and in every vehicle used to transport children. Signs include telephone number for reporting complaints, and www.iowasmokefreeair.gov.
All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.
Fire and tornado drills are practiced monthly and documentation kept on file for the current year and previous year.
110.9 (1) a : Within six months of becoming registered, a physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, for all household members over the age of 18. Physical exams should be repeated every three years.

110.9 (2) c : Certification of two hours of approved training relating to identification and reporting of child abuse within six months of employment.
