## CHILD CARE ANNUAL EVALUATION

**1. Basic Overview**

I conducted a compliance visit with Registered Child Development Home Category B provider Amanda Clark on 6/19/2026. Amanda has been involved in child care for 7 years. She continues using the main floor only or her ranch style home. Amanda currently has no HHS-approved substitutes or assistants. She had 5 children present during our visit, and is caring for a total of 7 children at this time. Amanda has one dog and has a current vet statement on file. She uses her fenced back yard as an outside play area. Amanda is due to renew her registration effective 4/30/2027.

**2. Identify Observed Strengths Of The Program**

Amanda describes her strengths as a willingness to work with the parents, strong relationships with the children/parents, and "tries to stay in sync with how the parents handle situations with their kids." Her curriculum includes lots of free play mixed with "real life engagement." They regularly take walks to the post office and have short visits at the local senior center. Her operation includes traditional activities such as coloring, music, and lots of outside time as weather allows. Amanda participates in the Food Program to enhance the nutrition of her meals and snacks.

**3. Identify The Aspects That Fall Below The Standard**

Amanda was in compliance at this time.

**4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance**

N/A

**5. Special Notes/recommendations**

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Amanda was in compliance having a plan consistent with her current operation.

I encourage Amanda to work with Kathy Lloyd from Child Care Resource and Referral with any ongoing compliance or training needs.
Kathy can be reached at: (319) 231-9405

Amanda had one infant under 12 months of age in care during our visit who was awake. She has cribs for napping and we reviewed safe infant sleeping policies.
