CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Mary Noel has been a child development provider since 2014. She is currently a category B provider, living in Pleasant Hill. Mary lives in a basement apartment and uses the whole space for her child development home. Mary's space has a walkout basement. Mary provides care to all ages of children. Mary has a large fenced in backyard with plenty of space for children to play.

2. Identify Observed Strengths Of The Program

Mary was organized and had everything ready for her inspection. Mary did a good job of interacting with the daycare children while providing me with the appropriate documentation. Mary had me tour her child development space while she played with the daycare children.

3. Identify The Aspects That Fall Below The Standard

Mary please obtain an updated physical. This needs to be completed on the state required form and updated every 3 years.
