CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Anita has been providing child care since 2004. Anita accepts children aged 18 months (or potty trained) through 12 years of age. Anita would be available for care 7 days a week and all three shifts of care. Anita is currently only caring for family and is not accepting new enrollments at this time, but may consider in the future.

2. Identify Observed Strengths Of The Program

Anita believes her greatest strength in working with children is her ability to relate to them. Anita prides herself in giving the children what they need and loving on them unconditionally. Anita does a lot of hands on activities with the kids including gardening, outdoor fun, nature walks and baking. Anita often has themes for the children based on the time of year. Anita is currently working on incorporating fall activities into her daily routines. She has recently added some fall 'pasta' shapes to her sensory table. Anita works hard on maintaining required paperwork and ensuring all items are kept up to date.

3. Identify The Aspects That Fall Below The Standard

None noted - fully compliant.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Nothing further required. Fully compliant at this time.

5. Special Notes/recommendations

Targeted compliance of Emergency Preparedness Plan completed - plan remains accurate and up to date.
