I. IF CURRENT LICENSE IS PROVISIONAL, IDENTIFY THE CORRECTIVE ACTIONS

II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

Visited BTB Hunt on 10-11-24 and spoke with Barb Tushila lead worker. Ms Dearcos has several years of experience working with children. Ms Dearcos also is the onsite for not only Hunt but Bryant, Loess Hills, and Irving Beyond the Bell sites. Beyond the Bell Hunt moved into the a new building beginning of the 08-23-22 school year. Capacity is 219. The program offers before and after school program Monday thru Thursday 6:30am to 8:30am and 1:30pm to 6:00pm on Fridays. The program uses the commons, gym, and stage areas. The program serves preschool to school agers in the 5th grade. There is a buzzer outside the building to get into the school and the Beyond the Bell program. Staff meet parents at the door to gain access to the program.

There are 29 children enrolled in the program. At the time of the visit only 23 children were present. All areas of the program were observed. The areas observed consisted of classroom observations and activities, nutritional practices, health and safety practices, playground observation, field trip and transportation practices, and administrative review. The after school program provides various group activities as well as individual self-directed activities for the children. The program brings outside community partners such as, orchestra, running and drama club.

Staff files will be reviewed at the program central office at a later date and any issues identified will be addressed at that time. A random selection of child files found each reviewed file contained all required forms and contact information. The program is converting to paperless by using the Playground Application for the children's registration as well as communication with parents.

Children have access to bathrooms. Daily schedule of activities was posted. Sufficient amount of equipment and toys for the children. The program may take field trips which the program gets individual permission related to that field trip and then the children take the city bus for the field trip. However, at this time they have not done any field trips. The center uses the school playground for outside play. The playground has climbing equipment and basketball area. Surfacing is rubber squares. Radon results were within normal range. Yearly furnace inspections were completed.

Center Nutrition Practices Observed
Snacks and breakfast are provided through the Sioux City School system. Program follows CACFP guidelines for nutrition.

Goals of the center have steady/consistent staff, continue obtaining fun activities and social skills for the children, as well as having the children learn.

Strengths of the program is good group of staff that work as a team at this site.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

The program started using the Playground application to help communicate with parents and to streamline administrative paperwork.

Center sends home a newsletter each month to keep parents aware of what is going on in the program.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

109.9(2)b: All files contain sufficient information and authorization to allow the center to secure emergency medical and dental services at any time child is in center's care.
Number not in compliance for dental: 1
Information lacking: Information was missing

V. SPECIAL NOTES/RECOMMENDATIONS:

The program will email consultant by 10-31-24 confirming all aspects below standards have been corrected.

A full license is recommended at this time at this time.

At least one visit will be made to the center during the next year.
