Your home is rated a 1 on the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1) **Facility Requirements**

441 IAC 110.8(1)“ n” Providers shall inform parents of the presence of any pet in the home.

1. Each dog or cat in the household shall undergo an annual health examination by a licensed veterinarian. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. This examination shall verify that the animal’s routine immunizations, particularly rabies, are current and that the animal shows no evidence of endoparasites (roundworms, hookworms, whipworms) and ectoparasites (fleas, mites, ticks, lice).

2. Each pet bird in the household shall be purchased from a dealer licensed by the Iowa department of agriculture and land stewardship and shall be examined by a veterinarian to verify that it is free of infectious diseases. 3. Aquariums shall be well maintained and installed in a manner that prevents children from accessing the water or pulling over a tank.

4. All animal waste shall be immediately removed from the children’s areas and properly disposed of. Children shall not perform any feeding or care of pets or cleanup of pet waste.

441 IAC 110.8(5) **Safe Sleep**

441 IAC 110.8(5) "c" A crib or crib like furniture which has a waterproof mattress covering and sufficient bedding to enable a child to rest comfortably and which meets the current standards or recommendations from the Consumer Product Safety Commission or ASTM International for juvenile products shall be provided for each child under two years of age if developmentally appropriate. The home shall maintain all cribs or crib like furniture and bedding in a clean and sanitary manner. There shall be no restraining devices of any type used in cribs.

441 IAC 110.9 Files

441 IAC 110.9(1)“a” A physician’s examination report for the provider and all members of the provider’s household aged 18 years or older. Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report. All children residing in the household must have medical documentation outlined in 110.9(4) “d”, 110.9(4) “f”, and 110.9(4) “g”

441 IAC 110.9(1)“b” (1) I-PoWeR records or certificates verifying required training completion:

Prior to registration:

- minimum health and safety training, approved by the Department, in required content areas
- Iowa’s Mandatory Child Abuse Reporter Training

Prior to registration: First Aid and Cardiopulmonary resuscitation. Provider shall maintain a valid certificate indicating date of training and expiration date.

During each two year registration period, the provider shall receive a minimum of 24 hours of training from approved content areas. A provider shall not use a specific training or class to meet minimum continuing education requirements more than one time every five years

A provider who submits documentation from a child care resource and referral agency that the provider has completed the Iowa Program for Infant/Toddler Care (IA PITC), ChildNet, or Beyond Business Basics training series may use those hours to fulfill a maximum of two years’ training requirements, not including first-aid and mandatory reporter training

441 IAC 110.9(3) An individual file is maintained for each substitute and contains:

1. Documentation from the department confirming the record checks required under 441 IAC 110.9(1) “a” have been completed and authorizing or conditionally limiting the person’s involvement with child care.
2. A completed Form 470-5152, Child Care Provider Physical Examination Report. The examination shall include any necessary testing for communicable diseases; a discussion of recommended vaccinations; completed no more than six months prior to approval to assist or be a household member; completed by a licensed medical doctor, doctor of osteopathy, physician assistant or advanced registered nurse practitioner; and repeated at least every three years.
3. Certification of two hours of approved training related to identification and reporting of child abuse as required by Iowa Code section 232.69 within 3 months of employment.
4. Certification in infant and child first aid
5. Certification or other documentation that minimum health and safety training has been completed within 3 months or prior to providing substitute care, whichever occurs first.

Findings:

1. 110.8(1)n The provider's two dogs, Roscoe and Mia, need updated annual physicals.

2. 110.8(2)a The provider has a large sandbox that is uncovered and a pet cat that roams around outside.

3. 110.8(5)c The provider has a pack and play that she uses for an infant to sleep in. The pack and play has a hold in the mesh surround that makes it unsafe for infants to sleep in.

4.110.9(1) Provider File:
-The provider's physical is expired.
-The provider's First Aid/CPR certificate is expired.

5. 110.9(3)d Substitute File:
-The provider's assistant/substitute, Dayonna's First Aid/CPR certificate is expired.

Suggestions/Recommendations:

1. The provider needs current, annual exams for all pets, on form 470-5153 Pet Health Examination Veterinary Health Certificate.

2. The provider needs to cover the sandbox when not in use to prevent the pet cat from using it as kitty litter.

3. The provider needs to purchase a new pack and play because the current one is damaged and unsafe.

4. The provider needs a current physical for herself, on form 470-5152, Child Care Provider Physical Examination Report.

5. The provider needs to update First Aid/CPR certificate.

6. The provider's substitute/assistant needs to update her First Aid/CPR certificate.

Corrective Action Required:

A re-check is not needed at this time, corrections need to be made by 10/10/23 and will be reviewed at the next annual compliance check.

I encourage you to work with Tabitha Copeland from Child Care Resource and Referral with any ongoing compliance or training needs.
