Corrective Action Required:

Jenny had an infant sleeping on the floor in the living room. Jenny indicated that she sleeps her infants on the floor with either her or her assistant sitting in the same room. A safety plan was completed with Jenny on 6/23/25 regarding safe sleep and the need for all infants to have a safe sleep environment. This worker returned to the home a short while after the initial visit and Jenny had brought cribs upstairs for the infants to sleep in. The infant that had been on the floor was in the crib.

Jenny missed a month of drill documentation. Jenny will resume this and always maintain current year and previous year drill records for review.

A follow up visit may occur to ensure that Jenny continues to follow safe sleep guidelines at all times.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at 563-949-6971 or kathy.huinker@hhs.iowa.gov if you have any questions regarding this letter.

Sincerely,

Kathy Huinker
