CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Amber Crozier has been a childcare provider for over 18 years. She reported she usually has around six children in care. There is a substitute and an assistant who can help if she is in need. The provider has multiple areas for play space that are located on the main floor and in the basement. There are many options for toy choices for the children. The provider reported that she normally has six children in care and one other child that comes to her home after preschool. The provider has organized files and all necessary information was up to date and available for compliance staff to view.

2. Identify Observed Strengths Of The Program

Compliance staff was able to observe the provider with the children in care. The provider meets the needs of the children by answering questions or assisting them when things get tough. The provider utilizes a calm voice when working with the children and talks at their level to help them understand. The kids were talkative with compliance staff during the visit.

The childcare schedule is based upon the children in care and most of the day is free play with the kids. There are also opportunities for activities throughout the day. The provider discussed getting outside when the weather is favorable and the kids love to be out playing in the yard.

3. Identify The Aspects That Fall Below The Standard

Amber was in full compliance.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

5. Special Notes/recommendations

Compliance staff discussed safe sleep, emergency preparedness planning and shared legislative updates that were new as of July 1, 2025.
