Dear Child Care Provider:

This letter is in regards to the compliance visit at your Registered Child Development Home A conducted on 08/29/2023. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1) **Facility Requirements**

441 IAC 110.8(1)"b" Electrical wiring shall be maintained, and all accessible electrical outlets shall be tamper-resistant outlets or shall be safely capped. Electrical cords shall be properly used. Improper use includes running cords under rugs, over hooks, through door openings, or other use that has been known to be hazardous

441 IAC 110.8(1)"n" Providers shall inform parents of the presence of any pet in the home.

1. Each dog or cat in the household shall undergo an annual health examination by a licensed veterinarian. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. This examination shall verify that the animal's routine immunizations, particularly rabies, are current and that the animal shows no evidence of endoparasites (roundworms, hookworms, whipworms) and ectoparasites (fleas, mites, ticks, lice).

2. Each pet bird in the household shall be purchased from a dealer licensed by the Iowa department of agriculture and land stewardship and shall be examined by a veterinarian to verify that it is free of infectious diseases. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. Children shall not handle pet birds.

3. Aquariums shall be well maintained and installed in a manner that prevents children from accessing the water or pulling over a tank.

4. All animal waste shall be immediately removed from the children's areas and properly disposed of. Children shall not perform any feeding or care of pets or cleanup of pet waste.

5. No animals shall be allowed in the food preparation, food storage, or serving areas during food preparation and serving times

441 IAC 110.8(4) **Emergency Plans**

441 IAC 110.8(4) Emergency Plans: plans in case of man-made or natural disaster shall be written and posted by the primary and secondary exits. The plans shall clearly map building evacuation routes and

tornado and flood shelter areas.

441 IAC 110.9 Files

441 IAC 110.9(1) A provider file is maintained and shall contain the following:

441 IAC 110.9(1)"a" A physician's examination report for the provider and all members of the provider's household aged 18 years or older. Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report. All children residing in the household must have medical documentation outlined in 110.9(4) "d", 110.9(4) "f", and 110.9(4) "g"

441 IAC 110.9(1)"b" (1) I-PoWeR records or certificates verifying required training completion:

Prior to registration:

- minimum health and safety training, approved by the Department, in required content areas
- Iowa's Mandatory Child Abuse Reporter Training

Prior to registration: First Aid and Cardiopulmonary resuscitation. Provider shall maintain a valid certificate indicating date of training and expiration date.

During each two year registration period, the provider shall receive a minimum of 24 hours of training from approved content areas. A provider shall not use a specific training or class to meet minimum continuing education requirements more than one time every five years

A provider who submits documentation from a child care resource and referral agency that the provider has completed the Iowa Program for Infant/Toddler Care (IA PITC), ChildNet, or Beyond Business Basics training series may use those hours to fulfill a maximum of two years' training requirements, not including first-aid and mandatory reporter training

Findings:

1. 110.8(1)b All accessible electrical outlets are safely capped or are tamper-resistant electrical outlets. Provider is missing outlet covers for a few outlets.

2. 110.8(1)n All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current, and animal is free of endo and ecto parasites. Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file. Provider is missing annual physical form for pet dog, Tank.

3. 110.8(4)a Emergency and disaster plans for fire and tornado are written and posted by primary and secondary exits. Provider doesn't have plan posted by front door.

4. 110.9(1)a Provider was unable to locate her or her family's physicals during today's compliance visit.

5. 110.9(1)b(1) Provider was unable to locate her First Aid/CPR certificate during today's compliance visit.

Suggestions/Recommendations:

1. Provider needs to assure that all outlets have either safety caps or are tamper resistant.

2. Provider needs to take pet dog, Tank, in for annual exam and have form 470-5153 on file.

3. Provider needs to post emergency and disaster plan/map by front door (primary and secondary exit).

4. Provider needs to locate or obtain current physicals for herself and all household members and keep in file.

5. Provider needs to locate her certificate or recertify First Aid/CPR.

Corrective Action Required:

A re-check is not needed at this time, corrections need to be made by 9/12/2023 and will be reviewed at the next annual compliance check.

I encourage you to work with Lorri Hora from Child Care Resource and Referral with any ongoing compliance or training needs.
