CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Jennifer Wiley on 11/3/2015. Jennifer has been involved in child care for 27 years. She continues using the main floor only of her 2 story home. The home has an open floor plan with connected rooms and clutter free. Jennifer had 6 countable children in care during the time of our visit. She has one HHS-approved assistant and no HHS-approved substitutes. She has an open back yard for her outside play area. Jennifer's current certification runs through 12/31/2026.

2. Identify Observed Strengths Of The Program

Jennifer has intentionally reduced the number of children in care over the past year and this has increased her attention to each child and added to her control of the environment. Jennifer offers significant free-play to the children mixed with learning activities, arts, crafts, and regularly shows some kids exercise videos. The children have regular outside time whenever weather permits. Jennifer participates with the Food Program to enhance the nutrition of her snacks and meals.

3. Identify The Aspects That Fall Below The Standard

110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.
- Jennifer needs to update a couple of her children's files with a current physical. These need to be in place by 1/15/2026 and will be reviewed during her next visit.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

I encourage Jennifer to work with Phyllis Koester from Child Care Resource and Referral with any ongoing compliance or training needs.
Phyllis can be reached at: (319) 433-7751

Jennifer had one infant under 12 months of age who was awake during the time of our visit. She has a crib for napping and we reviewed safe infant sleeping policies.
