Findings:

An unannounced visit was completed on 8/11/23 and the following was out of compliance:

441 IAC 110.8(1)“h” The home shall have at least one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway. Each smoke detector shall be installed according to manufacturer’s recommendations. The provider shall test each smoke detector monthly and keep a record of testing for inspection purposes.

41 IAC 110.8(1)“n” Providers shall inform parents of the presence of any pet in the home.
Each dog or cat in the household shall undergo an annual health examination by a licensed veterinarian. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. This examination shall verify that the animal’s routine immunizations, particularly rabies, are current and that the animal shows no evidence of endoparasites (roundworms, hookworms, whipworms) and ectoparasites (fleas, mites, ticks, lice).

441 IAC 110.9(1)“a” A physician’s examination report for the provider and all members of the provider’s household aged 18 years or older . Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report. All children residing in the household must have medical documentation outlined in 110.9(4) “d”, 110.9(4) “f”, and 110.9(4) “g”

441 IAC 110.9(1)“b” (1) I-PoWeR records or certificates verifying required training completion:
Prior to registration:
minimum health and safety training, approved by the Department, in required content areas
Iowa’s Mandatory Child Abuse Reporter Training
Prior to registration: First Aid and Cardiopulmonary resuscitation. Provider shall maintain a valid certificate indicating date of training and expiration date.

441 IAC 110.9(1)“b”(2) Documentation from the department confirming the record checks required under 441 IAC 110.11(3) have been completed and authorizing or conditionally limiting the person’s involvement with child care.

441 IAC 110.9(4) Children’s Files.

Suggestions/Recommendations:

441 IAC 110.8(1)“h” - The provider must start documenting smoke detector test as of 8/23. This was discussed at last years compliance visit as well and this worker did provide her a form she can use for appropriate documentation.

41 IAC 110.8(1)“n” The provider must obtain vet exam for Bella as it was expired and she could not locate one for Oreo. She is aware of the form she needs to use.

441 IAC 110.9(1)“a” - The provider needs an updated physical for her husband and she could not locate any of the recent physicals for her own children.

441 IAC 110.9(1)“b” (1) The provider's First aid and CPR training had expired earlier this month. Her Two hours of approved child abuse and neglect mandatory reporter training had also expired. Provider needs to get these completed.

441 IAC 110.9(1)“b”(2) The provider could not locate her documentation from the department confirming the record checks required under 441 IAC 110.11(3) have been completed and authorizing or conditionally limiting the person’s involvement with child care.

441 IAC 110.9(4) Children’s Files. - the provider was missing one admission physical and one updated physical for two of the children in her care. She needs to make sure all files are updated and complete.

Corrective Action Required:

A re-check is not needed at this time Corrections need to be made by 9/1/23 and will be reviewed at the next annual compliance check. This worker does request that the provider send verification of her First aid and CPR training as well as her Mandatory child abuse reporter training certificates once that is completed.
