CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Julie Keeler on 9/2/2026. Julie has been involved in child care for 31 years. She continues using the upper half of her split foyer home. She has a second exit from this level onto her back deck with permanent steps to the ground level. Julie's primary space is her large, open back family room connected to her open kitchen/dining area. She had 7 children present during our visit. Julie has a fenced back yard used for her outside play area. She has 2 dogs, both with current vet statements on file. Julie has no current HHS-approved substitutes or assistants. She is due to renew her registration effective 11/30/2026.

2. Identify Observed Strengths Of The Program

Julie has many years of experience in child care. She describes her strengths as good attention to the children and lots of patience. The children responded well to Julie during our visit. She follows a flexible routine for her curriculum. They mix lots of free play with traditional child care activities such as reading, crafts, games, and music. They have regular outside time as weather allows.

3. Identify The Aspects That Fall Below The Standard

Julie was in compliance at this time.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Julie was in compliance having a plan consistent with her current operation.

I encourage Julie to work with Julia Green from Child Care Resource and Referral with any ongoing compliance or training needs.
