Shantoria has developed a handbook describing the policies and procedures for the Child Development Home. The handbook informs interested families about the daily schedule of the CDH. The handbook reflects a structured schedule throughout the day with various activities. Shantoria provides programming on the main floor of the Child Development Home, The physical area is dedicated to providing services in a pre-school setting. Educational posters and products populate the area.

Shantoria and her co-provider have participated with Safe Sleep training and practice Safe Sleep procedures in the Child Development Home. Providers are current with their required trainings and actively keep current with trainings.
