Dear Child Care Provider:

This letter is in regards to the compliance visit at your Registered Child Development Home C conducted on 02/13/2025. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1)	**Facility Requirements**
441 IAC 110.8(1)"e"	Annual laboratory analysis of a private water supply shall be conducted to show satisfactory bacteriological quality. When children under the age of two are to be cared for, the analysis shall include a nitrate analysis. When private water supplies are determined unsuitable for drinking, commercially bottled water or water treated through a process approved by the health department or designee shall be provided.
441 IAC 110.9	Files
441 IAC 110.9(1)	**A provider file is maintained and shall contain the following:**
441 IAC 110.9(1)"a"	A physician's examination report for the provider and all members of the provider's household aged 18 years or older. Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report. All children residing in the household must have medical documentation outlined in 110.9(4) "d", 110.9(4) "f", and 110.9(4) "g"

Findings:

1. 110.8(1)e The provider does not have an updated, annual laboratory analysis for her private water supply.

2. 110.9(1)a Provider File:
   -The provider did not have a copy of a current physical for co-provider, Erica, in the provider file.

Suggestions/Recommendations:

A re-check is not needed at this time, corrections need to be made by 3/1/2025 and will be reviewed at the next annual compliance check.

I encourage you to work with Heather Bloome from Child Care Resource and Referral with any ongoing compliance or training needs.

Heather can be reached at: 563-940-7971.

Corrective Action Required:

1. The provider needs to have her water supply tested annually and keep documentation. (The provider reports that she is scheduled for water testing 2/18/25 at 10:00am) The provider will text SW Bailey a copy of the water report upon receiving it.

2. The provider needs to keep her provider file updated with current physicals for all household members and co-provider, on form 470-5152, Child Care Provider Physical Examination Report.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at 319-800-4702 or holly.bailey@hhs.iowa.gov if you have any questions regarding this letter.

Sincerely,

Holly Bailey
