CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Daphne has been a child care provider for well over 20 years serving the quad city area. Daphne currently watches only her grandchildren, but would be interested in an additional child once school was back in session. Daphne has had approved assistants and substitutes throughout the years, however, currently does not.

2. Identify Observed Strengths Of The Program

Daphne did not have any children in care today. Since Daphne currently only watches her grandchildren her daily routine centers around them. Daphne takes the children outside regularly and enjoys different activities with them. Daphne talked about doing gardening with them where the kids assist from beginning to harvest. Daphne has a large assortment of age appropriate toys throughout her home. Daphne maintains her paperwork as well as children's files in organized binders which makes her paper compliance review much quicker and simpler.

3. Identify The Aspects That Fall Below The Standard

N/A

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

Daphne had one smoke detector that was chirping during the visit. The detector still worked, but needed a battery change. Daphne had the batteries needed and would be changing them later today. Daphne's Mandatory Child Abuse Reporter Training expires in September of 2025. Daphne was reminded that this is coming due soon. Daphne's niece will be moving in with her later this summer. Daphne was reminded to contact the CCA Unit at 866-448-4605 to report a change in household composition to allow completion of necessary background checks.
