1. Basic Overview

A Pre-inspection was completed on this date due to Brandy moving to a new address. Her annual compliance check was already completed this year in May. Brandy became a registered childcare provider in 2019. She was non-registered for a few years before that. Brandy does participate in the IQ4K quality rating system and is rated at level 4. She does also participate in the Food Program. Brandy offers childcare for children ages infant to three years of age. Brandy did recently move. She provides childcare in the lower level of her home. She does have a separate entrance to that area. Her space is nicely organized and maintained, and she is excited about the additional space she has in her new location. She has a large fenced in yard with outdoor play items for the children. Brandy has four cats in the home, but they have minimal interaction with the children. Brandy does not have an approved assistant or substitute.

2. Identify Observed Strengths Of The Program

Brandy did have 5 children in care on this date. She provided close supervision while this worker was present and this worker observed positive interactions and re-direction as needed. One child was finishing up breakfast when I arrived, and the other children were involved in free play. Brandy has a variety of toys and activities for the children, and she provides structure, routine and education in her day. She did note a plan to expand on her gardening program.

Brandy's documentation is nicely organized into folders and a binder for easy review. This worker was able to review the items required at a Pre-inspection while she continued to care for and supervise the children.

Brandy presents as very committed to quality childcare.

3. Identify The Aspects That Fall Below The Standard

Brandy was in compliance with everything that is required at a Pre-inspection. Her PI is approved as of 8/6/26 for the new address.

Thank you for your service in providing childcare in your community.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

NA

5. Special Notes/recommendations

Notes:
Brandy does not transport the childcare children.
Brandy shared that she does not ever use a swimming pool but will use a water table for other water play.
We did discuss safe sleep policies.
We did discuss the number of children she is allowed to care for at one time as a Category B provider.

As part of the 2026 Targeted compliance the Emergency Preparedness Plan was thoroughly reviewed. Brandy had made the appropriate changes to her EPP based on her move and was in compliance with her EPP.
She was encouraged to review it at least yearly to ensure that no changes need to be made.
