I. IF CURRENT LICENSE IS PROVISIONAL, IDENTIFY THE CORRECTIVE ACTIONS

II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

Klassic Kids Child Development Center, Inc. has been in operation since 2002. The center is located in a modular home. The owners/directors are Trish Osburnsen and Angie Piziali. Both Trish and Angie have many years' experience working in child care. The center serves children ages six weeks to five years.

An unannounced visit was completed today. All areas subject to HHS rules were reviewed. Mandatory postings are in place at the center's entrance. Schedules and lesson plans are posted by classrooms. Angie and Trish were both working at the center today. Each classroom has age appropriate furnishings, supplies and toys. Children's artwork is displayed in classrooms.

There were were four infants present in the infant classroom today. Trish is the staff in the infant classroom. The toddlers (1's) had four children present. There was one staff working with this class. The 2's classroom had five children present. One staff was working with this group. The 3/4's class had six children present. One staff was working with this class. The 4/5's class had four children present. One staff was working with this group. Trish is the staff for this group. Children were doing puzzles, reading books together as a group and coloring. Staff in the infant classrooms were on the floor, interacting and playing with the infants and toddlers.

The center has a full kitchen. The center serves breakfast, morning snack, lunch and afternoon snack. Menus were reviewed today. A few items on the menu aren't compliant with CACFP standards. Angie said they will stop serving those items. Lunch served today was pizza, corn and mixed fruit.

The center has a spacious playground. There is fencing in place. There is a large grass area. There is pea gravel for surfacing in the area that has a climbing structure. The center completes monthly playground checks.

The center doesn't provide transportation.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

Trish and Angie have been the owners and directors since the opening of this center. They provide a lot of leadership and experience to the staff members.
The center has a spacious outdoor play area that allows for organized games and other activities.

The center lists their accomplishments as the following:

We have kept our enrollment at capacity and we have a long waiting list.
We have had more people give us excellent reviews on Facebook and by telephone when they call. They say we come highly recommended.
We have a strong relationship with the city of Windsor Heights community whether it be from city officials to city staffing.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

109.8(2): Ratio maintained in center as required by age.
The center had one infant in the 4/5's classroom during lunch time. Infants can't be in programming space with children older than age two during any time other than the beginning and end of the center's operation when there are seven or fewer children present with not more than four of the seven children under age two and no more than seven children at the center.

109.15(2): Center shall follow minimum CACFP menu patterns for meals and snacks.Menus planned one week in advance, made available to parents, and kept on file with substitutions noted.Avoid foods with high incident rate of causing choking.
The center has been a few items of their menus, Pop Tarts and Vanilla Wafers, which aren't credible with CACFP standards.

V. SPECIAL NOTES/RECOMMENDATIONS:

This center has a full license.

Gates between some classrooms weren't secured. Gates should be secured or they can be a topple hazard.
