1. Each dog or cat in the household shall undergo an annual health examination by a licensed veterinarian. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. This examination shall verify that the animal’s routine immunizations, particularly rabies, are current and that the animal shows no evidence of endoparasites (roundworms, hookworms, whipworms) and ectoparasites (fleas, mites, ticks, lice).
2. Each pet bird in the household shall be purchased from a dealer licensed by the Iowa department of agriculture and land stewardship and shall be examined by a veterinarian to verify that it is free of infectious diseases. 3. Aquariums shall be well maintained and installed in a manner that prevents children from accessing the water or pulling over a tank.
4. All animal waste shall be immediately removed from the children’s areas and properly disposed of. Children shall not perform any feeding or care of pets or cleanup of pet waste.
5. No animals shall be allowed in the food preparation, food storage, or serving areas

during food preparation and serving times

Findings:

Margaret will document every month when she completes her smoke detector checks in the home. Data was missing from the check sheet.

Margaret will place an Iowa Smoke Free Air Act compliance no-smoking sign on her front door or screen door.

Margaret will show documentation of a current physical for her dog on the Pet Health Examination Form.

Margaret will show documentation of her health and illness policies for her childcare operation. This was completed during today's visit.

Margaret will remove tote with sharp plastic shards in it from the outdoor play area.

Margaret will add bandages, gloves and bottled water to her home first aid kit.

Margaret needs to show documentation of her current course completion for Mandatory Reporter Training for Child Abuse.

Margaret needs to show documentation of her current course completion for First Aid/CPR.

Margaret needs to show documentation of her current Background Check Approval letter for herself and David.

This worker observed to teenage children and one adult upstairs sleeping while daycare children were present in the home. Margaret indicated that these two teenage children had been residing in the home but were not approved at this time. This worker had Margaret sign a voluntary safety plan which states: Margaret will not have any person(s) 14 years of age or older residing or present in her home when daycare children are present unless these persons are properly background checked and approved by the department." The department will also send a verification letter of these person(s) address pending background check approval by the department.
