II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

An unannounced licensing visit was completed at this preschool on 8/29/24. Jennifer Rathe is now the qualified center director. Jennifer and several other staff were present on the day of the visit. This program is non-profit and is owned and operated by the Park View Lutheran Church. The preschool is governed by the preschool board consisting of church members. The program does not participate in the Iowa Voluntary Preschool Grant program.

The preschool operates two program rooms in the lower level of the church building. The preschool rooms are spacious and offer plenty of accessible materials to support program needs. Materials are highly organized, are accessible to the children and are very well maintained. Program rooms are decorated with many colorful postings. There is a restroom area adjacent to the center/common area (tables for snack) that is located between the preschool rooms. The restroom area is separated by half walls with a total of four toilets and four sinks. There is an additional sink used for hand washing just outside of the restroom area and an entirely separated double sink basin used for food preparation activities only. All program space was observed.

Each child's parent is responsible for providing snack and the beverage for the class on a rotating basis. The preschool does not participate in the CACFP but understand the requirement for snack to meet CACFP guidelines.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

The preschool is well managed. The staff were once again observed to be highly engaged in activities with the children. The staff continue to work well together. The preschool rooms continue to be bright, colorful, and are well stocked with plenty of accessible and well maintained and organized materials to support program needs. Books are also displayed nicely for the children. Licensing documentation and child and staff files were once again found to be highly organized.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

N/A

V. SPECIAL NOTES/RECOMMENDATIONS:

1. Ensure each child has a valid IDPH signed and dated immunization certificate on file at the preschool before the child starts.

This preschool will continue with a full license. This report does not require a written response, however, please address the concern(s) noted in the report so that corrections are obvious and ensure that items remain in compliance. Thank you.
