Licensing Consultant: Maggie Gibson, SWIV **Date:** 09-30-2024

I. IF CURRENT LICENSE IS PROVISIONAL, IDENTIFY THE CORRECTIVE ACTIONS

N/A.

II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

An unannounced off year annual visit was completed 9-24-24.. The director was present throughout the visit.

Little Tigers Clubhouse was given Permission to Open on 6/1/21. Anika Blum is the owner of this center, as well as two other centers in Adel, Iowa. Anika purchased this center in May of 2021 The center director is Elizabeth Miner. Elizabeth has five years of prior director experience and several college level courses; along with several years of childcare experience. Rebekah (Bekah) Shield is the assistant dir/on-site supervisor. Bekah has a Bachelor's degree in Child, Adult and Family Services and childcare experience. Both meet the qualifications. Megan Wenger is also listed as an on-site supervisor.

This center moved to its current location in 2022, with sole occupancy of this newly constructed building. The center is open Monday through Friday 6:30 AM to 6:00 PM and provides care to children age 6 weeks to roughly age 5/6.

All areas of the program were observed. These areas observed consisted of classroom observations and activities, nutritional practices, health and safety practices, playground observation, field trip and transportation practices, and administrative review.

Room Observations/activities.. The center utilizes Frog Street Curriculum. This curriculum also ties in Conscious Discipline and is a well rounded curriculum with social, emotional and academic properties for ages infant up to preschool. The center uses he Pro Care system and cameras are installed in every classroom that record. Lesson plans are posted. The staff were consistently observed to be responsive and nurturing with the children. The staff maintain good structure in the rooms, which had a variety of age/developmentally appropriate centers/activities and toys. This center uses pre-mix Clorax solution of hygrogen peroxide, Oxivir, and bleach/water to clean and sanitize. Changing tables and well-used surfaces were observed to be clean.

Nutrition Practices: There is an on-site kitchen with dedicated Kitchen staff--Chef Mary. Menus are posted and on a rotation; following CACFP guidelines. Menus are crafted between the Chef and Director, rotating every 6 weeks and seasonally. Dry storage and refrigerator storage were clean/organized. Meals are prepared in the kitchen and served family-style by staff in the classrooms. The center has a new stove; and the kitchen was organized and clean.

Health and Safety: Emergency Medications are stored securely in rooms when they are indicated; other wise are stored securely in the office. Handwashing posters are hung--staff were observed to model good handwashing. Tornado/Fire escape plan are hung. Fire/Tornado drills are documented to have been completed monthly as required. Radon testing was completed 10/2023 and all rooms tested below 4.0. The HVAC system is maintained by a professional and was last inspected 10/4/23; the center is expecting another inspection soon. There are several carbon monoxide detectors through out this center. Overall this center was very clean, and organized.

Playground: Play grounds are separated by age and enclosed with chain link fencing. Shades are stored for winter but available in the summer months per the director. Surfacing is artificial grass. While there are not play structures, the center

has a good variety of outdoor play equipment that was all in good repair.

Transportation/Field trips. There is not regular transportation provided. On Fields trips, the center has a van available that is maintained by the owners.

Administrative review: Information for mandatory reporter, handbook accessibility, consultant contact, license, fire/tornado emergency plans and no-smoking signs are conspicuously posted. Five staff files were reviewed with one needing to update mandatory reporter training. Seven child files were reviewed with 2 files missing emergency dental information.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

The center has developed a relationship with the school district and with AEA. The center partners well with AEA and has had AEA come out for observations of classrooms and this has been a support for the teachers.

The center plans shortly to submit their application for IQ4K level I.

The classrooms are set up well with good ease of movement and center activities.

The curriculum is well rounded and the children and staff enjoy and the children like new curriculum.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

109.9(1)e: All files contain documentation to indicate that ongoing staff training requirements are met, including current certifications in first aid/CPR and mandatory child abuse training.
Number not in compliance: 1

109.9(2)b: All files contain sufficient information and authorization to allow the center to secure emergency medical and dental services at any time child is in center's care.
Number not in compliance for dental: 2
Information lacking: Two files did not contain emergency dental information

V. SPECIAL NOTES/RECOMMENDATIONS:

The building is new construction and radon testing was completed 10/23 with all rooms testing below 4.0 cutoff.

The menu's reflect the center is following CACFP guidelines.

This center was very clean and organized, particularly well-used surfaces (clean). Staff were observed to be responsive and nurturing with the children, including the director.

*Note: If you are the Child Care Center Director and you feel something is unclear or unjustly cited, please contact your DHS Licensing Consultant to discuss the issue. The child care director may also send a response which will be placed in the licensing file.

*Note: If you are a member of the general public, there may be additional information contained in the public file. You may contact the DHS Licensing Consultant to inquire.
